

## Active Read Questions Thursday 21st May

I hope that you enjoy having a go at these questions:

1. When they were leaving the house to go shopping Mrs Brown could smell bacon. Why do you think Paddington didn't admit to having the bacon in his suitcase?
2. The noise of the ticket machine was described as *whirring and clanking*. What adjectives can you think of to describe noise? Write down as many as you can in different colours. Perhaps you can make your words into a colourful pattern.
3. Six dogs had followed the Browns and Paddington to the station. Why was this?
4. Paddington became separated from Mrs Brown and Judy in the busy underground station. How do you think he felt? Explain why you think that. Has anything similar happened to you? How did you feel?

Well done!!
