

Friends Forever (from The Wind in the Willows)

It's funny to think of how we've come to be
The finest of friends, the best of company
Many an adventure and places we have been
These are the happiest days of our lives

***Think of all the things that we've been through
Summertime and Spring, the Winter too
Time has told us this, there's nothing quite like friends together***

It's got to be said, we do things differently
But nevertheless, we're solidarity
Sharing simple pleasures and most heroic deeds
These are the happiest days of our lives

***Think of all the things that we've been through
Summertime and Spring, the Winter too
Time has told us this, there's nothing quite like friends together***

Instrumental

***Think of all the things that we've been through
Summertime and Spring, the Winter too
Time has told us this, there's nothing quite like friends together***

This is the life, the way it's meant to be
Taking our time and making memories
Travelling together and talking over tea
These are the happiest days of our lives

The happiest days
The happiest days
The happiest days of our lives
